GENEVA AVENUE TO BE WIDENED AND IMPROVED

State, county and city officials held a conferrence in Bayshore City on Thursday and appropriations were made for a preliminary survey of Geneva avenue from the Bayshore Highway to the County Line in San Francisco, for the purpose of widening Geneva avenue from the Bayshore Highway to conform with the improved construction of this important arterial with the portion lying in the City and County of San Francisco. State officials present included L. V. Campbell, engineer of City and Co-operative projects; George Mattis, assistant engnieer City and Co-operative projects; also County Supervisors H. H. Smith and Alvin S. Hatch, Supervisors Andrew Gallagher and John Ratta of San Francisco; Paul G. Selmi, mayor of Daly City; W. R. Markt, Mayor John Patrick Lawson, and Councilmen M. S. Parker, H. A. Smith, J. B. Malone, and A. R. Herrmann, Bayshore City, representatives of the San Francisco Chamber of Commerce, Chas. H. Sooy, agricultural commissioner, and representatives of other interested organizations.

The urgent nature of this project was outlined by Mr. Chas. H. Sooy and Assistant Engineer C. Healy of San Francisco who stressed the importance of this work and its early completion when the Agricultural Livestock Exposition opens this year and the necessity for conjoining with San Francisco this route which will form an important link with approaches to the Golden Gate Bridge.

Rainy Days Will Alter School Hours

Grades 1 to 3 will be dismissed at 12:15 for the rest of the day.

Grade 4 dismissed at 12:30 for the rest of day.

Grades 5 to 8 dismissed at 1:20 for remainder of day.

Above is done so that children will not be walking to and from school in the rain.

On rainy days they go right straight through and do not have any recesses. The time is worked out so that they put in just as many minutes as on a full day but it is all concentrated into a straight period.

Suggest parents give children in grades 5-8 a sandwich or fruit on rainy days as they are allowed 10 minutes to eat—but not to go home.

JUNIOR COLLEGE CLOSES WITH EXAMINATIONS

With final examinations completed this week, the San Mateo Junior College ends its fall semester with its sophomore formal at the Fairmont Hotel in San Francisco this evening. Over 200 students are expected to attend.

Also, tonight the Jaysee plays Menlo Junior College in a practice basketball game on the Menlo court. The two teams face each other on the Matean court tomorrow evening. San Mateo will open its conference season next week with two games at Santa Rosa.

As soon as the new semester is well started the junior college will begin several other sports. Baseball, crew, tennis, golf, rugby and track will all be open for the men, while the coeds will have hockey, tennis, riding, basketball and similar sports.

Badminton will be open to mixed groups.

Entire Family Dead In Train-Auto Crash

When their automobile struck a Western Pacific freight train, Monday of this week, at Hayward, Frank Prude, 42, his wife, Emily, 35, and their daughter Frances, 10, were killed.

The mother and daughter died instantly and Prude lived only a short time after being taken to a hospital.

POLICE OF SAN BRUNO ARREST ALLEGED THIEF

Young Woman Apprehended And Charged With Purloining Jewels From Bedrooms —Is Held To Answer

San Bruno police, Tuesday of this week, apprehended an attractive San Francisco young woman on charges of stealing jewelry from rooms in the Bellevue Inn on El Camino Real.

The prisoner gave her name as Mrs. Elinor Crawford and said she resided alone at 2234 Pacific avenue, San Francisco. She is said to have at times used the name of Elinor Koepke. Her age was given as 23 years.

Alleged to have admitted two thefts, one on December 20 and the other Monday of this week, she was arraigned before Police Judge R. A. Rapsey on a charge of burglary Tuesday morning and bail set at $1000 cash or $2000 bond.

The memory of the proprietors of the inn, Mr. and Mrs. Frank Batmale, who suspected her after the previous theft, resulted in her capture with two stolen rings in her possession, according to Police Chief William Maher.

Mrs. Crawford and a man companion came to the resort Monday afternoon and occupied a private dining room.

Recognizing her from the previous visit, Mr. and Mrs. Batmale said they kept watch and saw her leave the room, go to their bedroom in another part of the building, where bureau drawers were ransacked and

(Continued on Page 4)

County Old Age Payroll To Increase

San Mateo County's old age payments for February 1 will increase $500 over January, according to preliminary estimates made by Dr. Charles C. Gans, county welfare director, recently.

The February payroll will total $25,042, as compared with $24,497 for the past month. In addition, the county will pay $4400 for orphan aid and $850 to dependent blind.

Direct aid expenditures will total $925, according to the estimate.

HAS WRITER'S NAME

Bing Crosby and his wife, Dixie Lee Crosby, have named their latest born son Howard Lindsay, in honor of the famous story writer.

MINE INSTITUTE'S NEW PRESIDENT

Daniel C. Jackling

Daniel C. Jackling, San Francisco mining executive, who was recently elected president of the American Institute of Mining Metallurgical Engineers. Jackling, president of the Utah Copper Company and of Nevada Consolidated Copper Company and chairman of the operating committee of Kennecott Copper Company, will assume office at the annual meeting of the institute in New York next month.

Chinese Patriot's Grandson To Wed

Pictured with his fiancee, Mildred Jay of Honolulu, T. H., is Tse Ping Sun, grandson of Sun Yat Sen, who was known as "Father of the Chinese Republic," as the young couple recently registered as students at the University of California. The Chinese boy was born in Berkeley, Cal., 25 years ago, while his father was a student at U. C. Following his father's graduation, in 1916, the little family went back to China. The couple have not decided on the date for the wedding.

Highway Patrolmen In County Reduced

The number of highway patrolmen has been reduced from the normal nineteen to thirteen members, it has been announced.

Dr. Arthur Nobbs, heading the County Traffic Safety Commission, stated his organization has taken no action on the alleged shortage of highway patrolmen in the county.

"That matter will be discussed at our meeting, February 11," he said.

Assemblyman Harrison W. Call and others interested in reduction of traffic accidents, have announced their intention of petitioning for additional men.

Reckless Driving On Bayshore Is Charged

Andrew Fakhouri, 121 Elm street, Redwood City, was arrested, Sunday, and charged with reckless driving, after assertedly running into two automobiles on the Bayshore highway and injuring two persons, one a woman.

According to state traffic officers, Fakhouri's machine struck the cars of John Porter, Mission Hotel, San Francisco, and H. P. Cuthbertson of Palo Alto.

Mrs. Cuthbertson was treated at South San Francisco Hospital for cuts and bruises.

Pneumonia Fatal To Mrs. Baruch

Mrs. Annie Baruch, aged 65, wife of Bernard M. Baruch, financier and close advisor to leaders of the Democratic party, died of pneumonia at New York City, Monday of this week.

Survivors, besides the husband, are two daughters and a son, Mrs. Belle W. Wilcox and Mrs. Renee Wilcox Samstag and Bernard M. Baruch Jr.

State Employment Service Office Open

Arrangements are being made today by Wade Sargent, manager of the California State Employment Service for San Mateo County, to serve South San Francisco, providing employment service facilities of the California State Employment Service to residents of that city. By establishment of this office citizens of Daly City and the northern end of the county will find it unnecessary to travel to San Mateo, but may transact their business at the South San Francisco office when more convenient.

On Wednesday and Thursday of each week, beginning January 26, those applying for employment or those applying for benefit claims under the Unemployment Reserves Act should report at 215 Linden street, South San Francisco, between the hours of 9:00 a.m. and 4:00 p.m.

The California State Employment Service maintains 62 offices throughout the state and is affiliated with the United States Employment Service to give nationwide coverage.

Both employers and employes are urged to call on this office and become acquainted with the principles and practices of the California State Employment Service in operation.

Alleged Boy Bandit Returned For Trial

Cured of insanity, Joseph McGuigan, former Daly City youth, was reurned from the Ukiah state hospital for the criminally insane to Redwood City and is facing trial on a charge of complicity in a Daly City grocery store robbery a year ago.

McGuigan and two companions, Joseph Hines and Jack Watson were arrested shortly after the holdup. Hines and Watson were convicted and sentenced to Preston. McGuigan pleaded insanity.

BIRTHDAY BALL TO VIEW STARS OF NIGHT CLUBS

Stanford University Students Also Appear On Program In Several Orchestral Numbers

Sparkling entertainment for the annual President's Birthday Ball at Tanforan club house Saturday, January 29, was assured today with announcement by General Chairman Joseph V. Gaffey that stars of widely known night clubs will participate in a gala floor show.

Donating their services for the celebration to raise funds for the relief of infantile paralysis sufferers, the artists include featured singers and dancers from Uncle Tom's Cabin, San Bruno, and the Club Moderne and Royal Hawaiian in San Francisco.

In addition, talented Stanford university students, who have appeared with orchestras at leading hotels and resorts, also will present several numbers.

Caesar Martinelli, manager of Uncle Tom's Cabin, has arranged for the appearance of his popular blues singer, Birdie June Preston, formerly of the Follies Bergere.

Through the courtesy of Manager William Asby, there will be three acts from the Royal Hawaiian. These are the Clifford Sisters, in their spectacular "electric duel"; Lillie Lilliane, in songs of the Irish and native dances, and Mel Petersen, one of San Francisco's outstanding popular singers.

From Joe Merello's Club Moderne will come the featured artist, Senorita Anita Aguero, Mexico City prima donna, widely known as the "Spanish Nightingale."

Joe Cuneo, arranging the entertainment with Gaffey, was promised by Irene W. Coverley, manager of the student bureau, that several acts will be contributed from Stanford university. The floor show will be presented on a stage, specially built for the celebration by John W. Marchbank, directing owner of Tanforan.

As committees reported a big demand for tickets, which have been priced at 75 cents each, the Board of Supervisors this week endorsed the ball and called upon all citizens of the county to support the worthy cause.

IN SAME BUSINESS

A fan at a football game at Dell, Southampton, England, while watching a recent game, took a dislike to a loud silk handkerchief one of his friends was sporting and very quietly extracted it from the pocket of his friend.

A moment later his own wallet was handed him by a stranger, who remarked, "Sorry mate; didn't know you were in the same game."

JUSTICE CARDOZO IS GRAVELY ILL

Associate Justice Benjamin Cardozo

Associate Justice Benjamin Cardozo of the United States Supreme Court, who is gravely ill with a heart ailment in Washington, D. C. Attending physicians declared the justice's condition "unchanged."

JEFFERSON HIGH HAS CORPS OF NEW OFFICERS

The semi-annual election of Student Body officers of Jefferson Union High School was held last week.

The new officers for the spring semester are as follow: Arthur Wright, president; Melba Nelson, vice president; Lillian Cavagnaro, treasurer; Arnold Panella, Judge; Kevin Epidendio, Sergeant at arms.

Wright, who is an all around athlete, has won his block "J" in football and track. During the past semester he served as sergeant at arms for the student body, and on various committees. The other newly elected officers are popular students and greatly interested in the affairs of the school. Because of this fact, a very successful semester is expected.

The election was supervised by President Elio Fontana with the aid of a committee which consisted of Jean Terry, Russell Antrocoli, Dick Millet, Grant Smith and Ralph Matteucci.

The new administration had their first introduction to the work they are expected to do next semester at a joint meeting with the retiring officers on Tuesday of this week.

Later in the day the formal installation of these officers was held, the old officers handing over something symbolic of their individual office to the successor.

SENATORS AND CONGRESSMAN ASKED TO HELP

Groups Of Labor Organizations And Other Bodies Adopt Favorable Resolutions

Support of President Roosevelt's message to Congress, January 3, and letters to Congressman John J. McGrath, Senator William G. McAdoo and Senator Hiram Johnson that they are expected to support the program contained in the President's message in the present session of Congress, have been authorized in resolutions passed by a number of labor and political groups in the Eighth Congressional District last week, according to California Committee for Political Unity.

A meeting of 300 representatives of organized labor attending the Central Labor Council of Santa Clara County recently, and including Building Trades, Teamsters, Cannery and Dried Fruit Workers Unions, resolved:

"That this meeting endorse the proposals contained in the President's message to Congress and communicate with Congressman John J. McGrath, Senator William G. McAdoo and Senator Hiram Johnson that we expect them to do all in their power to make possible the complete realization of this program in the present Congress."

A similar resolution was passed by the American Federation of Teachers Local 442, Palo Alto, whose president is Prof. Guido Marx, emeritus, of Stanford University.

Two Political Unity Clubs, one in Daly City and one in San Jose, have also gone on record for complete support of President Roosevelt's program. Copies of the resolution urging similar action by all affiliated groups have been sent to the 39 member organizations in the Eighth District, representing a membership of close to 20,000. The resolution states that:

"President Franklin Delano Roosevelt, in his inspiring message to Congress expressed the convictions of all progressive labor, farmer, professional, civic and business groups as to the responsibility for continued unemployment, high prices, suffering and war" and that

"The proposals put forward by the President as an immediate program for the present session of Congress will materially help solve maladjustments in the United States, bring fairer earnings and security to the majority of the people and strengthen the position of democratic governments the world over."

ROCKAWAY BEACH PEDRO VALLEY

By C. H. T.

Rivers of mud flow along the local roads and highways since the rains, making travelling slippery and chancy. The Grande Avenue hill, long noted as one of the most stubborn in this region, presents a problem and an adventure to all who would climb its steep slope. The deplorable condition of the roadbed has been pointed out to political chiefs who, presumably set in motion the necessary means to remedy the condition. Thus far, without result. Yet, surely, the expense for re-surfacing the few hundred feet of its ascent should not be prohibitive. A generous spread of gravel and crushed stone, smoothed down and levelled in, with protection here and there, by careful culverting against the torrential rains and local drains, should make such work last considerable time, and do credit to the county road system. Always our thanks are gratefully due to former Supervisor Witt, who recognized the value of picturesque Pedro and its neighbor, Rockaway, as a scenic asset to San Mateo County, and who did good work in helping road improvements along. These struggling little coast resorts are not likely to forget Mr. Witt's vision in these matters affecting the development of the county's beauty spots, and their value as tourist attractions and health resorts.

* * *

One of our local homes, painted freshly last summer, looks already in sad need of more paint. What was the matter? Too much oil in the paint? Or just the trying quality of salt sea air and soft mountain rain beating against it? We wonder every time we go past, and regret that all the labor and cash expended on it in so brief a space, gone to nothing!

* * *

A novel idea was the "past Christmas party" given by Dr. and Mrs. Le Fevre at their home in Pedro Valley, on January 8. This fine party featured all the Christmas "fixings," including a brightly trimmed tree, gifts, and, of course, a big, fat turkey. A jolly group of the Le Fevre friends attended the party. Among the guests were Mr. and Mrs. Seigele and the Hon. Colonel Wiechert, well known as an important member of the famous Sonoma Nudist Colony. Dr. Le Fevre assures us, however, that "the Colonel was fully clothed," also that, being an excellent accordionist, he pleased the company with a number of pieces during the evening. This was such a delightful party, that it continued until about 2 o'clock the following morning. The Bouly family were invited to be present, but owing to the sudden, "surprise announcement" of their son Aimel's wedding to a San Francisco girl, they were obliged to postpone their visit to the Le Fevre party. This "past-Christmas party" is surely an original plan for those who have been compelled by other engagements, to omit their annual Christmas festivities at home, or who wish to enjoy another Christmas event. Mrs. Le Fevre, by the way, is said to have been called "the luckiest angler this side of the Rockies" because of the fine catches she makes in fishing. Mrs. Le Fevre fishes every Tuesday, being invariably successful in getting what she goes after. January 11 she brought in over ten pounds of fish for dinner, which was doing very well, especially in the rough sea that has prevailed over a period of several weeks along the coast. The Le Fevre home is looking pretty with its fresh paint and new color effects.

* * *

Mr. and Mrs. Pat Dempsey have entertained Mrs. Sorensen during the past week. Their guest will be remembered as the mother of Shirley Sorensen, who visited at the Dempsey home last summer and made such a pleasing impression on the neighbors as a quietly charming young girl.

* * *

Carl Strutz, president of the newly organized bank clerks' union, (branch 21030) is busy, these days, interviewing bankers and other "higher-ups" with the purpose of coming to agreement concerning higher salary compensations. Mr. Strutz had the misfortune to get into a thicket of poison oak, recently, in working around his property, contracting a severe attack of that detestable irritation. But very gamely, he did not allow this discomfort to interfere with his conferences in the city, which went right ahead with varying results.

* * *

Did we say that the Herman Bryants have a new "purp," a cute little scottie, both smart and handsome.

* * *

Placards announcing "This property for sale" continue to appear here and there in front of local residences. But they presently disappear, causing one to conjecture that they were put up in a moment of discouragement over hampering obstacles, and removed when hope and inspiration returned once more. Seldom do we hear that the property has changed hands. In one case, in which a sign "For Sale" had fronted a home for many months, it was suddenly taken down, and a mild-manered man who went in to inquire about the property, was—so report states—all but chased out the gate by the irate owner, who had taken a fresh start and fallen in love with his garden and house all over again!

NEW "CLEOPATRA" FOR EGYPT

Slender, dark-eyed Farida Zulficar, 16 year old commoner, Egypt's second queen since the immortal Cleopatra, was to wed the young King Farouk, January 20, at an elaborate ceremony in Cairo. No woman, not even Farida herself, will witness the Moslem wedding rites, however. A camel caravan brought caskets filled with henna for the future queen, used since the days of pharaohs to stain the hands and feet of the bride. Among the costly gifts at Koubbeh palace—one of seven palaces available to the king—were two shotguns presented by King George of England, and a new automobile from Germany.

APPETITE APPEASED

After flying into the home of Frank M. Capless of Rutland, Vt., recently, a dove sated its craving for food by eating four plates of chocolate pudding, a pound bar of butter and the contents of a sugar bowl before being separated from its repast.

Henry Cook's house at Pedro has been sold to Mr. Craig.

* * *

P.S. There's some Rockaway news in the offing, that we shall hope to gather up and present next week.

Meanwhile, here's a loud cheer for Mrs. Bicknell's chocolate cake. We understand that, not only do "the children cry for it," but local men lunchers yelp for a second helping, on the days when it's served. What's there about chocolate cake, by the way, that almost everybody falls so hard for it?

Jefferson P. T. A. Enjoy Program

The regular January meeting of the Jefferson Union High School P. T. A. was held in the Little Theater of the school, Tuesday of this week, Mrs. Stella Jensen presiding.

The business meeting was followed by a program conducted by the Physical Education Department. Miss J. Young presented two talented students in solo dance numbers. She also explained the physical education program for the girls to be carried out in the new gymnasium. A. Biggs, physical education instructor for boys, spoke and J. Matthews, football coach, explained the safety devices used to protect the players and gave the audience many interesting sidelights on the game.

Mrs. A. Flick reported on the Presidents meeting held in Burlingame on Monday of last week. Mrs. Mae Conserva reported on plans for the whist party to be held in Eagles Hall, Tuesday of next week at 8 p.m.

The next meeting of the High School P. T. A. will be that of the executive board, to be held at the home of Mrs. Edith Barker on San Diego avenue, Wednesday, February 2. Mrs. Pearl Jones is to be co-hostess.

REASON FOR SENDING NOTICE

California employers henceforth will receive from the State Department of Employment notices of claims their former employes make for unemployment compensation benefits.

This announcement was made this week by the chairman of the Unemployment Reserves Commission, who said many employers are wondering why they are receiving Form DE 443 through the mails.

This form, a duplicate of the benefit claim, is sent employers in compliance with provisions of the California Unemployment Reserves Act, which requires that the employer receive a notice whenever a person who has previously been employed by him applies for benefits.

Employers, he said, may use the form in several ways. They may keep records of claims made by former employes, which will be charged against their reserve accounts with the commission and which later will affect merit rating provisions contained in the act.

Also, the mailing of the form is a protection against false claims for benefits.

Further, he pointed out, length of the claimant's waiting period may be determined on the basis of the notice to the employer. If a man has been discharged for cause, or leaves employment voluntarily, the employer may notify the office of the Department of Employment mentioned on the form and the waiting period may be extended from four to eight weeks.

SEVENTEENTH DISTRICT ACTIVE

Mrs. Hilton Hornbeck, third vice president Seventeenth District, P. T. A., and director in charge of the Department of Extension, announces the speaker for the regular meeting to be held in the San Mateo Junior College this morning at 10:30, as Rev. Douglas Ewan, pastor of the First Methodist Church, Burlingame. "Universal Peace" will be the subject of discourse. Mrs. Elmer L. Miller, president, recently returning from the State Board meeting held at Los Angeles, will preside.

The morning session will consist of the transaction of business and the introduction of the chairmen serving under Mrs. Hornbeck, namely: Mr. O. H. Olson, Fathers Forums; Mr. L. C. Fleming, Fathers Forums Membership; Mrs. George I. Woodside, Membership north end of county; Mrs. George Bruns, Membership south end of county; Mrs. E. D. Barker, Registration; Mrs. F. R. Dufford, Co-chairman of Registration; Mrs. R. D. Richards, P. T. A. in Elementary and Rural Schools; Mrs. R. L. Holder, P. T. A. in High Schools.

Luncheon will be served at the Oaktree Inn at 12 o'clock, Mrs. W. R. Newbold, Reciprocity chairman, in charge. At 1:15 the meeting will reconvene at the Junior College, where the puppet show of "Hansel and Gretel" will be staged. Later Frederick Roehr, director of music, San Mateo Junior College, will favor the group with solos, accompanied by Priscilla Alden Evans.

The Press Luncheon committee met at the home of Mrs. Don Davis, chairman, 1432 Benito avenue, Burlingame, January 17, to make final arrangements for the luncheon which is to be held at Ingham's, Burlingame, January 26, at 1 o'clock. Those present were Mrs. Elmer L. Miller, president San Mateo County Parent Teacher Association, Mrs. W. R. Newbold, reciprocity chairman; Mrs. W. G. Fuhr, sixth vice president; Mrs. Irene Mardecci, publicity book chairman and Mrs. B. D. Ralston, first vice president.

WHAT ELSE?

"What's this label 'wait and see'?"

"Well, I ain't quite sure," said the gardner, "just what I planted there."

—London Evening News.

JAYSEE TERM STARTS AGAIN

San Mateo Junior College starts work on its spring semester, tomorrow, January 22, when all the new students will report at 9 o'clock at the college for the entrance examinations. Aptitude and high school achievement tests will be given at that time.

In the afternoon at one o'clock all qualified students, those with high grades in high school English, will take a test in English.

Enrollment for classes will take place Thursday, January 27, for the old students, and Friday, January 28, for the new students. Class work begins Monday, January 31.

EXCESSIVE BRAKING

Excessive use of the brakes is one of the common causes of rapid tire wear.

Other causes of such wear are rapid acceleration, causing rear wheels to spin and grind tires against the pavement; a bent axle, or bent steering parts.

Arrested for driving while intoxicated, Miss Betty Kachlmeyer of Milwaukee told the judge: "I had only 25 bottles of beer, judge. I wasn't drunk at all." She was fined $100 or 30 days in jail.

Proposed Japanese Canal Across Siam

Above map shows how a canal reported being built under Japanese supervision across the narrowest part of Siam at Kra, which will cut 1200 miles off shipping routes from the China Sea to the Bay of Bengal. How far Japan has progressed with the building of the canal has not been ascertained, but plans for the project are definitely believed to be under way. With the completion of the canal Japan will be able to move its fleet without interference from the south China Sea to the Bay of Bengal, several hundred miles north of the British fortifications at Singapore.

PER REQUEST

A foreman in a certain factory is in the habit of getting an apprentice to heat his lunch for him. The other day he called a new apprentice.

"Go down stairs and 'eat up my lunch for me, he ordered.

The boy obeyed with alacrity.

Ten minutes later the foreman came down. He was hungry.

"Where's my lunch?" he demanded.

The boy gazed at him in amazement.

"You told me to eat it up, and I ate it."

"I didn't tell you to heat it up," roared the irate foreman. "I told you to 'eat it up."

"Well, I didn't heat it up," maintained the youngster, stoutly; "I ate it cold."—Pathfinder.

Mechanics Professor: "Name a great time-saver."

Sophomore: "Love at first sight."

ASK PHYSICAL DEVELOPMENT FOR CHILDREN

Since one of the most important characteristics of childhood during the period of elementary education is physical growth, it is of particular importance that all aspects of the educational program which contribute to wholesome physical development receive the serious and continual consideration of parents and teachers.

The California Congress of Parents and Teachers has noted with great satisfaction the progress which has been made in the advancement of the program of physical education and recreation in the schools, as well as the extension of health service to the children of the state. The Congress has co-operated actively in these important educational movements and is committed to a continuance of policies designed to improve these services.

The Department of Health of the California Congress of Parents and Teachers, in studying ways and means by which the Congress may be of further service, finds that an adequate program of health education is not provided in many school systems of the state. The Board of Managers of the Congress, therefore, urge that the State Board of Education empower the State Superintendent of Public Instruction and the State Department of Education to take immediate steps necessary to provide the teachers of the state with proper guidance in a functional program of health education.

NO BUTTONS, NO WIFE

In seeking divorce at Cleveland, recently, Cecil W. Angelberger complained to the court that his wife, Gladys, "wouldn't sew buttons on my clothes when they came off."

The complaint appeared sufficiently convincing.

A flashlight should be carried in every car that is driven at night

Such a light has various emergency uses, such as investigating the source of trouble should a car stall.

Jaysee Newspaper Names New Editors

Betsy Bruns and James Lewis have been selected as co-editors of The San Matean, student paper of San Mateo Junior College, for the spring semester. Both reside in Burlingame.

Assistants will be: Eleanor Ross, news editor; Gordon Lunsford and Audrey Steele, in charge of first page; Jim Scott and Marie Ohanian, second page; Douglas Guy, sports; John Worsley and Betty Jane Smith, features; Jan Seron, women's sports; Doris Wusthof and Barbara Cross, society; Bill Clarkson, Bob Lucier, Tom Boland, Barbara Carpenter, Alice Wyman, Claire Wolford, Iris Pape and Dolores Schmidt will act as assistants.

Pertinent Thoughts Anent Drink Habit

The National Congress of Parents and Teachers has this to say in regard to drinking and dope:

"Liquor and marijuana offer a far greater menace to youth than at any time in history, social and educational leaders contend."

It is asserted that the greatest inducement for youth to use alcohol and narcotics is offered in the following list:

The widespread legalized use of liquor in restaurants, drug stores and other establishments.

The social pressure and smartness of drinking.

Lack of scientific education on the effects of alcohol and narcotics.

CAUSE OF MISSING

When the motor misses on a hard pull or seems to hesitate when accelerated suddenly the coil and condenser should be inspected for defects.

A young matron drove through downtown Indianapolis with two women friends. Trailing from her motor car were tin cans, old shoes and streamers. A sign said: "Just Divorced."

POLICE OF SAN BRUNO ARREST ALLEGED THIEF

Young Woman Apprehended And Charged With Purloining Jewels From Bedrooms —Is Held To Answer

(Continued from Page 1)

a man's ring valued at $25 and a woman's $125 ring taken.

Mr. and Mrs. Batmale stopped her as she came out of the bedroom and summoned police.

According to Police Chief Maher a search by Officers Louis Traeger and Arthur Brittain revealed the two rings in Mrs. Crawford's handbag.

Pleading that she was intoxicated, Mrs. Crawford admitted taking the rings and also a $190 wrist watch and a $25 stickpin from Mr. and Mrs. Batmale's bedroom under similar circumstances last December, the San Bruno chief asserted.

He said she was examined by a physician and pronounced sober. Her companion was absolved of any connection with the thefts.

It is alleged that the girl was arrested in San Francisco, June 17, 1937, for forgery and petty theft. She won six months' probation.

At the county jail she said she lived alone at 2232 Pacific street, and that she worked part-time on the switchboard at Heald's Business College. She said she was married, but separated from her husband.

Informed of her arrest, San Francisco police said they would question her in connection with jewelry thefts there.

Brisbane Church

Last Sunday at an impressive ceremony on the church lots, Rev. M. C. Donaldson led in the ground breaking for the new church building. There was a goodly crowd present including Dr. W. Earle Smith, executive secretary of the Bay Cities Union. Dr. Maybury of Los Angeles and many citizens of Brisbane, including a delegation from the Mormon Church, also a guard of honor of the Fire Department. Lot leveling will be the next action and when completed construction will start for the first unit of the church.

* * *

Sunday evening the parsonage was packed at 7 p.m. for the Fireside Hour. Everyone had a grand hour of fellowship and assured the continuation of this hour at 300 Klamath.

* * *

The Community Church at present is meeting at the Fire House with church school at 10:00 a.m. and morning worship at 11:00 a. m. The pastor's subject for Sunday is "Forgotten Laws." Fireside Hour 7 p.m. at parsonage.

* * *

The Junior Choir will sing two numbers Sunday morning, January 23.

* * *

The Women's Society will meet February 8, at 7 p. m., at the home of Mrs. Ferguson. All women are invited to attend.

* * *

The women are planning on having a bake sale February 5.

BRISBANE P T A

The Brisbane P. T. A. will honor the fathers, January 27, in the school auditorium at 8 p.m. Fathers sometimes have an idea only mothers are parents—so when it comes time for parents to attend Parent Teacher meetings the mothers are sent. There are twelve good father members in our organization at the present time, and some of that number have been very active in the work throughout the year. There is much for the "Dads" to do and it isn't fair that two or three men "carry on." Gorden Owen, sport announcer for Radio station KYA is to be the speaker of the evening. Mr. Owen has been a popular speaker at many functions in San Francisco and down the peninsula, so our unit is very happy to have him in our small town.

The topic "Know Your Boy" should be of interest to both parents, so we expect a good crowd—rain or shine.

P. T. A. whist Tuesday night.

* * *

Don't forget to remember!!! Whist this coming Tuesday night at the school—8 p.m.

Equalization Board Sponsors Broadcast

This Friday night, Vincent D. Kennedy ,Burlingame, managing director of the California Retail Merchants Association, will be the third speaker on the California State Board of Equalization broadcast series, "Facts About Taxes."

The program will be heard over Station KPO, San Francisco, between 9:45 p. m. and 10 p. m.

Mr. Kennedy has chosen for his speach "The Sales Tax and The California Retailer."

Concluding the State Board's series Friday, January 28, Roy W. Cloud, executive secretary of the California Teachers Association, will speak on "How California Schools Are Financed."

Under the sponsorship of the Community Church, moving pictures in natural color will be features of the unusual program to be presented Friday, January 28, in the Fire House. At a cost of more than $500 and travelling more than 10,000 miles, Rev. Dorland Dryer, formerly of Yale University, went all over America in search of beauty spots with his color camera. He has been able to capture the grandeur of Yellowstone Park with its geysers and roaring streams, the majestic beauty of Teton National Park, the thundering strength of Niagara Falls, the blue sky and blue waters of Florida, as well as the breathtaking beauty of flowers found in all parts of this country.

As a second feature on the program there will be presented a series of screen paintings in natural color, depicting the "Life of Christ" from His birth to His resurrection. These pictures are made with the Kodachrome process which is the latest and most beautiful method of taking pictures in natural color.

The entire program has been synchronized with the finest symphony and organ music as well as with dramatic readings which serve to explain and supplement the pictures on the screen. The final effect is not unlike the talking pictures shown in commercial theaters

GOVERNOR MAY CALL SESSION OF LEGISLATURE FOR NEXT MONTH

Business Will Include Action On Amendments To San Mateo County Charter

Word received from Sacramento, late last week, indicated that a statement by Governor Frank F. Merriam reveals that he will issue a call for a special session of the legislature the second week in February.

While only that legislation may be considered which is specified in the call for the special session, the governor has indicated that the ratification of the 1937 San Mateo County charter amendments will be included.

These amendments become effective immediately upon ratification, it is pointed out, and require election of county executive, engineer, coroner and public administrator, treasurer, tax collector and recorder, offices filled by appointment under the present charter terms.

District Attorney Gilbert D. Ferrell has stated that he will advise against a special election, because the candidates must run again in the August primary election.

Principal matters in the special legislative session call will be discussion of an enabling act to give California the right to participate in federal low cost housing and slum clearance loans; and legislation to meet a new oil drilling situation in Wilmington by which the state may receive royalties not now collectible on wells in that area.

EXPERIMENT WITH LIGHTS ON BAYSHORE

The State Division of Highways is conducting a highway lighting experiment in San Mateo County as an accident prevention measure. Sodium vapor lights are being installed, set on staggered spacing, 140 feet apart, on the three and a half mile section of the Bayshore Highway between the San Francisco County line and South San Francisco.

This location was selected because of the unusually large number of accidents of the type that might have been prevented by highway lighting that have occurred there in the past eight years.

It is true that night driving is more hazardous, but it is a question if these hazards will be entirely removed by better illumination. The experiment will teach us much and the results will be interesting to all.—San Mateo County Traffic Safety Commission.

DOGS

(Contributed)

Some of us don't like dogs hanging around, nosing into our cans, bothering our children or chasing our cars. These kind of dogs, whose owners have no respect for anyone else should be promptly eliminated from our town.

Some of us love all animals. Some of us, old Dad Kale, up on Trinity road, for instance, have only one real friend. His was Gypsy, faithful, happy little pup; all that was left of his ranch when he came to Brisbane to spend his remaining days. Some ignorant 'take the law unto himself' meany put out poison and Gypsy, loose the first time in many weeks, was found dead after anxious hours of searching.

Mrs. Edgar Morley, also of Trinity road, found her loved and valuable scotty lying dead in a lot this morning. Bozo never has left his fenced-in yard in the two years he has lived here 'till now.

One dog was taken to the hospital for an autopsy; hamburger a la stricknine was given as the cause of death.

Many other pets are missing and dead.

Do we believe in letting pets run loose and becoming a nuisance? By all means, no. But, in the name of common decency and sense, let us take legal means rather than such methods as have been going on in Brisbane and other towns.

For the information of you who are being annoyed—you and other tax-payers are supporting a dog pound and paying a dog catcher to pick up the strays. He holds them for 72 hours, then if not called for ends their lives humanely.

We would be only too happy to meet the man who poisoned our friend. If it is because of a grudge, let's settle it.

BRISBANE GENERALITIES

Dad Martin and Lillian Prusia enjoyed a joint birthday party at the home of Mrs. Doyle on the 13th of this month. At least half of Brisbane attended the happy evening. A lovely chicken dinner was served and everyone agreed that Mrs. Doyle was a very fine hostess.

* * *

The Firemen's Association of San Mateo met last week. The Ladies Auxiliary met on Monday and held installation of officers. The usual tasty refreshments were served. The dance will be Saturday, the 22nd. Come one. Come all. Let's get together.

* * *

We see "Red" Wilson has bought a new kiddie kar. We saw him trying it out on Visitacion avenue the other day.

* * *

We understand Bob Burn's little brother "Tiny" took a ride on Red's kiddie kar and fell down and went boom. Happy landing Tiny.
